

Jeremy Miles AS/MS
Gweinidog y Gymraeg ac Addysg
Minister for Education and Welsh Language

Llywodraeth Cymru
Welsh Government

I was encouraged to hear that the Physics Mentoring Project has continue to achieve success this year, despite the obvious challenges the pandemic has brought to all schools and learners across Wales. I would like to take this opportunity to both congratulate and thank you for your enthusiasm, commitment and dedication to participating in the Project.

The importance of activities such as the Physics Mentoring Project should not be underestimated. Supporting young people to recognise the importance of physics, and the significant opportunities a career in STEM can offer is crucial to increase the flow of STEM skills into the Welsh economy.

I am sure that all of you who have participated in the project either as a Mentor or as a participant have found it both interesting and rewarding. The transferable skills that you will develop from studying physics will open such a wide range of exciting opportunities and career options for you. Llongyfarchiadau mawr ar eich llwyddiant (many congratulations on your achievement)

A handwritten signature in black ink, consisting of a large 'J' followed by a wavy line and a short horizontal stroke.
